tivanauskas32@gmail.com

Lancaster, Lancashire

SUMMARY

Computer Science undergraduate with hands-on experience in testing mobile and web applications. Proficient in CI/CD pipelines and optimizing performance. Skilled in testing AWS AppSync resolvers, working with Terraform, and applying prompt engineering techniques. Strong understanding of Agile and Scrum methodologies, with excellent problem-solving and communication skills.

EDUCATION

Lancaster University
BSc Computer Science Hons
2022 - 2025
Grade - 2:1

Nelson and Colne College
Level 3 T-Level Digital Design, Production and Development
2020 - 2022
Grade - Distinction (AAA)

SKILLS

- Web & mobile testing
- CI/CD pipelines
- SAST & linting tools
- Prompt engineering
- Agile & Scrum
- Problem-solving
- Proficient in Java and Typescript

PROJECTS

Content Censorship Detection in IPFS
Developed techniques to detect and mitigate censorship attacks in IPFS by analysing content availability patterns in the Kademlia DHT. Proposed improvements to enhance resilience and accessibility in decentralised networks.

Group Software Development Project
Led a team in developing a Java-based GUI presentation tool. Organised tasks, managed project timelines, and supported team members with coding and debugging. Ensured smooth delivery using Agile practices and effective collaboration.

PROFESSIONAL EXPERIENCE

Quality Assurance Tester

ITPI | 2024 - Present

- Tested and debugged web and mobile applications to ensure functionality and performance
- Optimized CI/CD pipelines in Azure DevOps, reducing build times and integrating SAST and linting checks
- Developed automated test suites
- Defined and reviewed acceptance criteria with product owners to guide feature development
- Collaborated closely with designers and developers to identify issues early and ensure high-quality releases
- Contributed to enhancing QA and DevOps workflows through process refinement and automation
- Used Burp Suite for web application security testing, identifying and reporting vulnerabilities
- Conducted manual, regression, integration, and performance testing across multiple environments

Crew Member
McDonald's | 2021 - 2022

- Consistently followed detailed procedures to ensure high standards and accuracy in daily tasks
- Maintained focus and precision while working under pressure in a fast-paced environment
- Adapted quickly to new tools, systems, and responsibilities with minimal supervision
- Collaborated effectively with team members to meet shared goals and deadlines
- Identified and resolved issues to maintain smooth operations and customer satisfaction
